

New Year of Possibilities

WINTER 2018

One little girl comes in and excitedly compares her card with a tiger to one adult's card after another. She finally stops when she finds the matching tiger. The woman in front of her said, *"Hi, I am going to be your KidCoach this year."*

The anticipation in the Art Room of Fairwood Alternative Elementary School was palpable as eight adults from a local business waited patiently for a group 4th graders to arrive. The adults were each holding an index card with their first name printed in black sharpie and an animal sticker in the corner. The idea was each kid would arrive, be given an index card with their own name, and an animal sticker corresponding to one of the adults'.

The 2018 – 2019 Future Possibilities "Ready, Set, Goal!" Program Year kicked off with similar introductions in late November in seven other schools, with approximately 66 kids between them.

Regardless of the method of introduction, all eight of the Meet & Greet Workshops ended with the annual balloon launch. Each kid wrote down their wish or hope for the program year, tied it to either a blue or yellow balloon, and launched them into the sky ... as the sky is the limit for this year's possibilities.

Empowering every child to achieve his or her ultimate potential!

Every year Future Possibilities is able to provide a coaching program pairing local professionals with a 4th or 5th grader in a Columbus Public School with no cost to the coaches or the kids' families.

This is possible because of generous donations from people like you. Please consider donating and becoming a Friend of FP.
